### **UC Early IT Camp**

<https://cech.uc.edu/schools/it/early-it/summer-program.html>

Designed to give students in grades 8-12 a solid foundation in Information Technology including: cybersecurity, software development, game development and simulations, data and cloud technologies. Students will have the opportunity to:

- Experience hands-on learning of current technologies
- Work in groups to develop their own IT solution
- Learn from college professors and IT business leaders

### **Ohio University Business Camp**

<https://www.ohiobusinessweek.org/camp>

Current high school students (with a "C" or higher grade point average)  
Learn leadership and entrepreneurship skills directly from business pros.

### **Ohio State Ross Mathematics Program**

<https://rossprogram.org/>

Six-week intensive summer experience for students age 14-18 designed to encourage motivated pre-college students to explore mathematics.

### **Miami University Summer Scholars Program**

<http://miamioh.edu/admission/high-school/summer-scholars/>

Provides a rich, early college experience for academically-talented rising high school juniors and seniors from across the globe. Students will join an engaged community of learners and will participate in challenging, immersive academic modules centered on a specific topic or area of interest.

### **Ohio Supercomputer Young Women's Institute**

<https://www.osc.edu/education/ywsi>

Rising 7th & 8th grade girls

Week-long program designed to promote computer, math, science and engineering skills as well as provide hands-on experiences.

### **Air Camp**

<https://aircampusa.org/>

Air Camp is a brand new adventure in flight for students, which takes place at the birthplace of aviation. The purpose of Air Camp is to inspire students to new heights of scholarship, leadership and citizenship, as they experience the wonders of flight and study the science, technology, engineering and math (STEM) of aviation.

### **University of Dayton School of Engineering Camps**

<https://udayton.edu/engineering/k-12-programs/see-ud/index.php>

Multiple Engineering Camps for high school students.

### **Wright State Exploring STEM Camps**

<http://www.wright.edu/student-affairs/pre-college-programs/discovery-grades-k-6-odyssey-grades-7-9>

Summer enrichment courses at Wright State University are designed to encourage your child's creativity and enthusiasm for learning. Pre-College Programs is pleased to offer summer enrichment for students entering grades K-9. Students who desire a challenge, are interested in learning and personal growth, and have the motivation to succeed are encouraged to take advantage of these hands-on, exploratory courses. Teachers and professionals from the Miami Valley provide exciting, educational, and challenging learning environments that encourage creativity and critical thinking. All courses are held on the Dayton campus of Wright State University.

### **Camp Kern Leadership Camps**

<https://campkern.org/summer-camp/leadership-camps.html>

Developing our youth and young adults ages 5-16 into thoughtful, positive influencers in the world, through a variety of programs.

### **Miami Valley School Art & Cartooning Camp**

<https://www.mvschool.com/summer-camps/>

If you enjoy animated movies, comics, anime, or cartoons of any kind, animation camp is for you! Learn about the massive world of cartoons and animation through watching movies, drawing and even making your own animations. You DO NOT need to know how to draw and you DO NOT have to be enrolled at the Miami Valley School to attend. We will work on drawing skills, anatomy, facial expressions, character design, and animation appreciation. Students in grades 8-12.

### **Dayton Sunwatch Village Camps**

[http://www.sunwatch.org/index.php?option=com\\_content&view=article&id=29&Itemid=51](http://www.sunwatch.org/index.php?option=com_content&view=article&id=29&Itemid=51)

SunWatch offers an exciting and diverse array of Summer Camp offerings, suitable for children of all interests and ages.
